

VibraDerm

Now a better, faster way to smoother skin!

Much more Effective and Comfortable than microdermabrasion!

Significant improvement in skin tone and texture with VibraDerm.

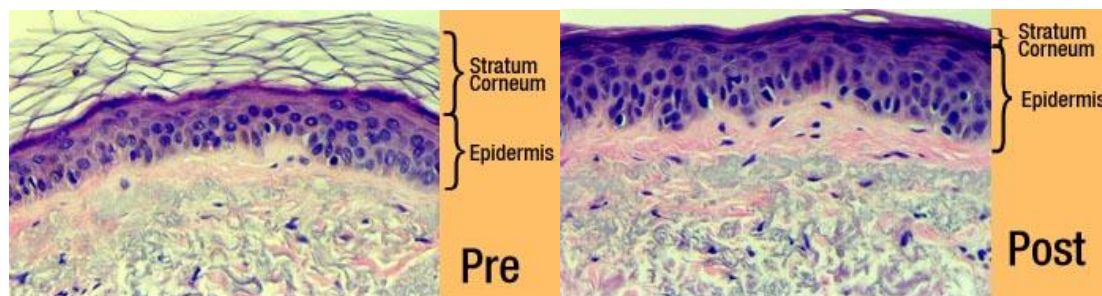

Reduces: fine lines & wrinkles, acne scars, pore size, age spots and skin dullness.

This new medical device aggressively exfoliates your skin and stimulates real collagen growth. Unlike conventional dermabrasion treatments, Vibraderm does not use particulates or abrasive brushes. Treatments feel fabulous on the face, neck, upper chest, shoulders and feet.

VibraDermabrasion has been shown in clinical studies to improve the appearance of sun damaged skin without the drawbacks of microdermabrasion.

We are proud to offer VibraDerm, for a fast and totally painless procedure with no downtime.

Cross section pictures of skin demonstrates removal of the stratum corneum and epidermal thickening.

VibraDerm is most effective in a series of 6 treatments.
